

## **CDC Committee on Mathematics Education (2006-2007)**

### **Gist of the Second Meeting**

**Date :** 31 May 2007 (Thursday)

**Time :** 2:40 p.m.

**Venue:** Conference Room, 12/F, Kowloon Government Offices, 405 Nathan Road, Kowloon

#### **Points discussed and conclusions arrived:**

1. The Learning Outcomes Framework was the description of a typical progression of students' performance in Mathematics from primary to secondary education. It was mainly for the purposes of assessment for learning and should not be used as a checklist in the learning and teaching of Mathematics.
2. Arrangements to assist teachers to deal with problems related to the interfacing of the learning and teaching of Mathematics for KS2 and KS3 students were planned.
3. The booklet *An English-Chinese Glossary of Terms Commonly Used in the Teaching of Mathematics in Secondary Schools* would be revised. Points to note in the revision of the booklet were elaborated.
4. A great number of professional development programmes for Mathematics teachers were conducted and the general comments on the arrangements of the programmes were positive.
