

Gist of the Second Meeting of the  
CDC Committee on Physical Education (2011-2013)  
held on 3 July 2012

1. After receiving information on the progress of the Review of New Senior Secondary PE Curriculum and Assessment, members suggested reviewing the standard-setting mechanism of assessing physical activities in the PE(HKDSE) examination.
2. Members expressed their gratitude to the EDB for providing various support to PE Teachers, namely, professional development programmes, school support services, student activities, learning and teaching materials and others.
3. Members were updated on progress and preliminary findings of the PE KLA Survey.
