

**Gist of the First Meeting of the
CDC Committee on Physical Education (2013-2015)
held on 23 September 2013**

1. The member list of the CDC-HKEAA Committee on PE was endorsed.
2. Members were briefed the progress of the Medium-term Review of the Senior Secondary PE Curriculum and Assessment.
3. Members were briefed and they discussed on the following topics:
 - use of the “PE KLA An Overview of the Learning Topics in the Six Strands” and the “PE KLA Curriculum Guide (Primary 1 – Secondary 3)” (2002), to replace the Syllabus for Secondary Schools – PE (Secondary I-V) (1988) and the Syllabus for Primary Schools (Primary 1-6) (1995), in curriculum planning for PE in local schools;
 - 5 - 8% of the total curriculum time for PE in primary and junior secondary levels (i.e. around 80 - 120 minutes weekly) for local schools; and at least 5% of the total curriculum time for PE in senior secondary levels (i.e. around 80 minutes weekly). Schools were encouraged to increase the curriculum time according to their situations and needs;
 - different measures to help students adopt an active and healthy lifestyle, including doing regular exercise and having healthy diet; and
 - various means to cater for learner diversity, including a 3-tier system to support elite student athletes.
4. Members agreed to nominate Mr HUNG Chor-ying, Edmond, the ex-chairperson of the CDCC on PE, to be the non-exofficio member for the PE Subject Committee, HKAAA.
