

**CDC Committee on Science Education (2013-2014)**  
**Gist of Second Meeting**

**Date of meeting: 10 June 2014**

1. The minutes of the last meeting were confirmed without any amendments.
2. The progress of review of the SS Science Curricula were reported and discussed. The guidelines of medium-term review of School-based Assessment (SBA) were briefed and discussed. After deliberation, members agreed that there would be no recommendation for further streamlining of the SBA requirements of SS science subjects.
3. The progress of the review of Science (S1-3) curriculum were reported and discussed.
4. The direction and progress of the updating of Key Learning Area (KLA) Curriculum Guide were reported and discussed.
5. Major science activities held from January 2014 to August 2014 were reported.
