

## Committee on Technology Education

CDCC on Technology Education (2000-2001) Gist of the Second Meeting
--

Date: 5 January 2001  
Time: 2:30 p.m. – 6:15 p.m.  
Venue: Room 105, 24 Tin Kwong Road, Kowloon

Points discussed and conclusion arrived:

1. Members endorsed the revised development plan for Advanced Level Principles of Accounts.
2. Members endorsed the establishment of the Ad Hoc Committee on the Development of S.4-5 Science and Technology Curriculum under the CDC Committees on Science Education and Technology Education. The Chairman called upon members to volunteer to serve in the Ad Hoc Committee.
3. Members received a draft summary report of the opinions collected in the *Consultation Forums on Learning to Learn: The Way Forward in Curriculum Development - Technology Education*. The Vice-chairman reported on the schedule of the consultation exercise. Members were concerned about the time frame and agreed that the period 2000-05 would elapse rapidly and the reform would be affected if resources could not be deployed in the immediate future.
4. The Vice-chairman called upon members of the Committee to participate in the seed school scheme.
