

**CDC-HKEAA Committee on  
Health Management and Social Care (2013-2015)  
Gist of the 2<sup>nd</sup> Meeting**

**Date of meeting: 23 January 2014**

Key issues raised/discussed

- The following recommendations on SBA weighting and design were discussed and supported:
  - SBA weighting – to reduce the SBA weighting to 20% due to the changes in the requirement of SBA task (e.g. after the streamlining and short-term recommendation made in the curriculum review where the oral presentation and audio-visual task of SBA2 were deleted )
  - SBA design – to integrate SBA1 and SBA2 into one SBA task
  
- Members discussed and gave suggestions on the four areas of assessment criteria: (1) format of reporting, (2) understanding of the subject, (3) information collection and (4) reflection and suggestions for improvement

Recommendations/actions to be taken

The assessment rubrics would be piloted by the following teachers in their schools

- Mr PANG Chun-kong (The CUHKFAA Thomas Cheung Secondary School)
- Mr. CHAN Chi-keung, Andy (Kwok Tak Seng Catholic Secondary School)
- Ms. LEUNG Mei-yuk, Sinly (Hong Kong True Light College)
- Ms. WONG Chung-wah, Jean (CMA Secondary School)
