⁵ It has been a well established practice of our school in providing a variety of service opportunities for our students (including both junior and senior forms). Since several years ago, we have set up a specific school policy in which every student is required to serve 10 hours (5 hours in school and 5 hours outside school) to promote whole person development. For community service outside school, sufficient opportunities, e.g. flag selling, tutors to elderly etc, are arranged by school. Feedback from our students has been encouraging.
