

INDUCTION PROGRAMME FOR NEW OTHER LEARNING EXPERIENCES (OLE) TEACHERS AND COORDINATORS (NEW) – PART II

23 OCTOBER 2018 (TUESDAY)

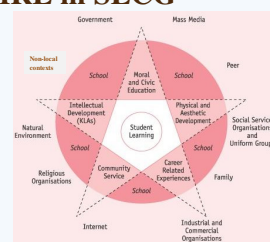

Introducing Support Measures

Susanna CHEUNG
Curriculum Development Officer

Diversifying Life-wide Learning (LWL) Experiences – a MRE in SECG

LWL:

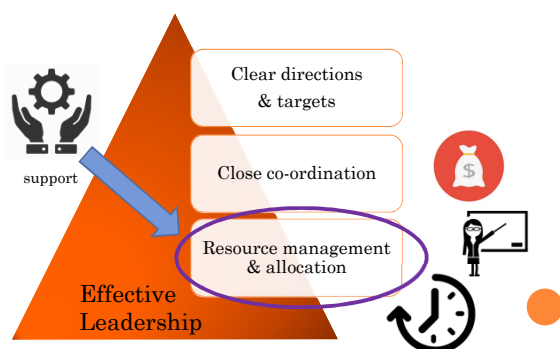

- student learning in **authentic settings** to achieve targets that are harder to attain in ordinary classroom settings
- strategies to help students acquire the 5 **essential learning experiences** for enhancing their **whole-person development**
- supporting student learning** in core and elective subjects at the SS level, and carried out through Other Learning Experiences (OLE)

Emphases:

- promoting **quality reflection** on learning experiences for deep learning
- supporting exploration of **opportunities** for quality physical and aesthetic education to nurture students' confidence, perseverance and aesthetic appreciation
- making use of the Mainland exchange **opportunities** to strengthen students' understanding of our country's development through personal experience

Life-wide Learning Activity Databank (including Other Learning Experiences)

The Life-wide Learning (LWL) Activity Databank and the Other Learning Experiences (OLE) Activity Databank have been set up for some years to provide platforms for organisations (e.g. non-profit making organisations, government departments / bureaux, social organisations and tertiary institutions) intending to offer learning opportunities for students to promote these activities with a view to encouraging schools to harness community resources to organise quality LWL and OLE programmes / activities to enrich students' learning experiences and foster whole-person development.

The above two Databanks have been merged as the new LWL Activity Databank, and migrated to the EDB One-Stop Portal for Learning and Teaching Resources (OSP) with effect from mid-August 2017. The new Databank allows for more accurate keyword search and provides PDF version of activity information for downloading. The new arrangements for the Databank were announced in the [Education Bureau \(EDB\) Circular Memorandum \(CM\) No. 174/2017](#) (Annex 3) for schools' attention.

Support Measure 3

Collaborative Research and Development ("Seed") Projects

Concept of "Seed" Projects

34

Background of "Seed" Projects

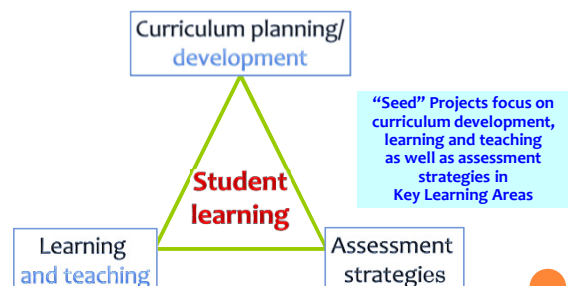

In line with the curriculum reform, the Curriculum Development Institute (CDI) has implemented a series of "Seed" Projects in schools since 2001/02 school year.

Aims:

1. To cater for the needs of students and schools through collaboration and contribution;
2. Learning by doing and learn from each other;
3. To leverage the synergy to sustain curriculum development and nurture curriculum leaders

35

Focuses of "Seed" Projects

36

Uniqueness of “Seed” Projects

Research and development in nature

- ✓ Collect evidence on the process of curriculum reform and impact on student learning

Putting theories into practice

- ✓ **Try-out** new ideas/initiatives
- ✓ Respond to the **genuine needs** of students and teachers and student-centred
- ✓ Provide useful **knowledge**, experiences and recommendations as reference for schools, teachers and the community
- ✓ Establish **learning communities** (through the strategy for Teacher Secondment) by developing teachers as reform facilitators, reflective educators and curriculum leaders

37

Past “Seed” Projects related to LWL / OLE / SLP

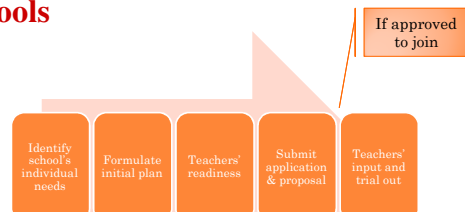

Title	Year
