

PREAMBLE

This Curriculum and Assessment Guide is one of the series jointly prepared by the Hong Kong Curriculum Development Council (CDC) and the Hong Kong Examinations and Assessment Authority (HKEAA). It forms the basis for learning and teaching of the subject curriculum as well as for setting public assessment. The issue of this single document on curriculum and assessment aims at conveying a clear message to the public that assessment is an integral part of the school curriculum and at promoting the culture of “assessment for learning” to improve learning and teaching.

The CDC is an advisory body giving recommendations to the Hong Kong Special Administrative Region Government on all matters relating to curriculum development for the school system from kindergarten to sixth form. Its membership includes heads of schools, practising teachers, parents, employers, academics from tertiary institutions, professionals from related fields or related bodies, representatives from the HKEAA and the Vocational Training Council, as well as officers from the Education and Manpower Bureau.

The HKEAA is an independent statutory body responsible for the conduct of the Hong Kong Certificate of Education Examination and the Hong Kong Advanced Level Examination. The governing council of the HKEAA includes members who are mainly drawn from the school sector, tertiary institutions, government bodies, professionals and persons experienced in commerce and industry.

This Curriculum and Assessment Guide is recommended by the Education and Manpower Bureau for use in secondary schools. The subject curriculum developed leads to the appropriate examination provided by the HKEAA. In this connection, the HKEAA has issued a handbook to provide information on the format of the public examination of the subject and the related rules and regulations.

The CDC and HKEAA will keep the subject curriculum under constant review and evaluation in the light of classroom experiences, students' performance in the public assessment, and the changing needs of society and students. All comments and suggestions on this Curriculum and Assessment Guide should be sent to:
