致：各位體育科主任 / 教師、體操教練：

男、女子競技體操項目 - 跳臺

為確保競技體操運動員之安全及提昇其表現，國際體操聯盟 (FIG) 已於 2002 年正式更換『跳馬』改以『跳臺』作比賽器械。為配合有關改變，本會亦於 2003 年起改用此器械。現提供不同品牌的『跳臺』資料以供參考（見附圖）。有關代理商的資料如下：

<u>品 牌</u>	<u>代 理 商</u>	<u>聯 絡 電 話</u>
AAI	雅 佳	2821 8000
J & F	中 亞	2742 7715
Spieth	九 龍	2608 1002

如對器械有任何疑問，歡迎與本會職員聯絡（電話：2504 8233）。

FIG Competition Vault Landing Mat Configuration

- Meets USAG, NCAA and NFHS competition specifications
- Mat diagram Configuration works for both the Infinity ELITE™ and LZT Vault Tables

- 416-549 20cm Vault Anchor Mat 4' x 8' (1.2m x 2.4m) Landing Mat
- 416-190 FIG 20cm Competition Landing Mat 8' x 15' x 7.8" (2.4m x 4.7m x 20cm) V4 includes side loops (with landing zone)
- 416-191 FIG 10cm Supplemental Landing Mat 8' x 15' x 3.9" (2.4m x 4.7m x 10cm) V4 includes side hook tabs to prevent slippage (with landing zone)

Anchor Mat (Infinity ELITE™ and LZT models)

The mat securely adheres with hook and loop fasteners, avoiding slippage.

- Form-fitted system fits over the vault base with ease
- Provides level 4' x 8' surface for the spotter

- 416-549 20cm Vault Anchor Mat
- 416-548 18cm Vault Anchor Mat
- 416-547 12cm Vault Anchor Mat

Vault Table Protective Cover

- 14 oz. vinyl cover protects vault head when not in use

VTC-100 Vault Table Protective Cover (not shown)
Specify color when ordering.

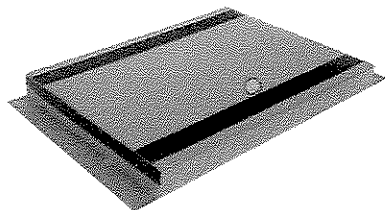

Women's Vault Trainer

The contoured shape replicates the AAI Infinity ELITE™ Vault Table.

- Only vault trainer with contoured and crowned surface to replicate the table
- Three-piece unit assembled is 49 7/8" x 47 1/4" x 27 1/8" (125 x 120 x 95cm)
- Detachable head for training advanced skills at a safer level
- Made of rugged 18 oz. vinyl cover with hook and loop fasteners and dense foam core

416-034 Women's Vault Trainer

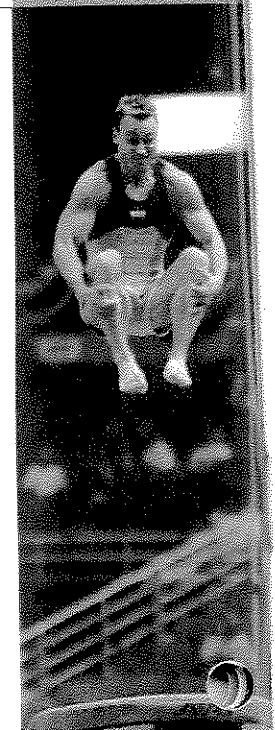

Men's 10cm Block

Use with Women's Vault Trainer (416-034) for added height.

- Additional 10cm block meets men's regulation 53 7/8" height (135cm)
- Made of rugged 18 oz. vinyl cover with hook and loop fasteners and dense foam core

416-035 Men's 10cm Block

FACT FILE

Name: PEGASES

Ref. 1407100

FIG CERTIFIED

Weight: 145 kg

Height: 105-135 cm

Top: 95x120 cm

Length angle 3° so you can see the touching zone at the start of the runway.

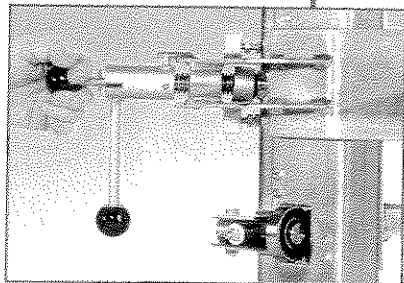

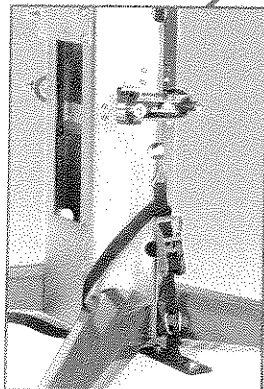

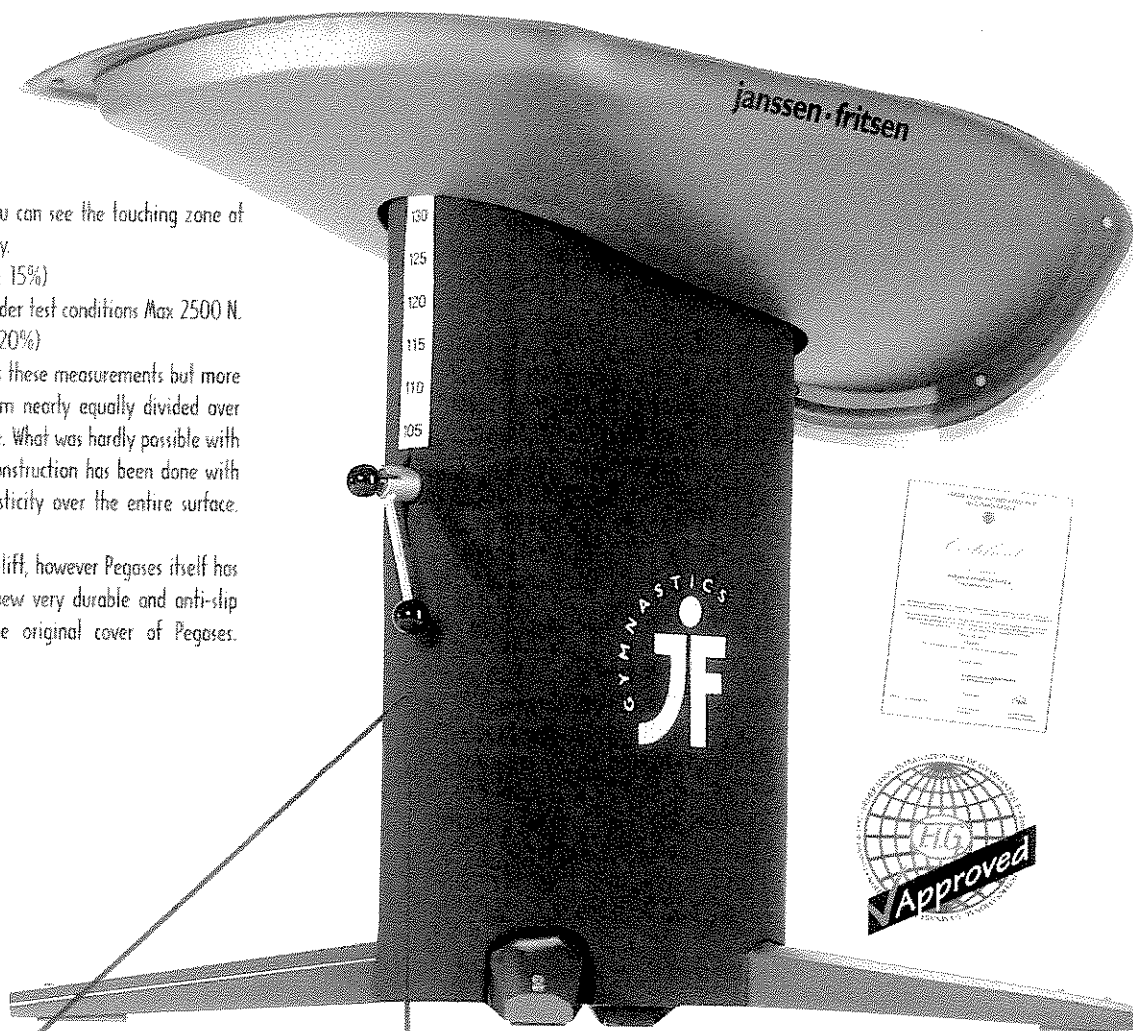

Impression: 20 mm (± 15%)

Peak force on hands under test conditions Max 2500 N.

Rebound: 150 mm (± 20%)

Pegases not only shows these measurements but more importantly shows them nearly equally divided over the total touching zone. What was hardly possible with the old double shell construction has been done with Pegases; the same elasticity over the entire surface.

Pegases has had a face-lift, however Pegases itself has not been changed. A new very durable and anti-slip cover has replaced the original cover of Pegases.

SOFT TRAINING COVER PEGASES

Ref. 1407120

This cover is made to reduce peak impact force during training. The shock absorbing foam combined with the non-slip cover material make this a valuable addition to any Pegases. The cover can be placed and removed easily.

PEGASES, THE NEW VAULT USED AT THE

- 2001 World Championships Ghent
- 2002 National training centres in 80 countries
- 2004 Olympic Games Athens
- 2005 Competitions and training centres worldwide

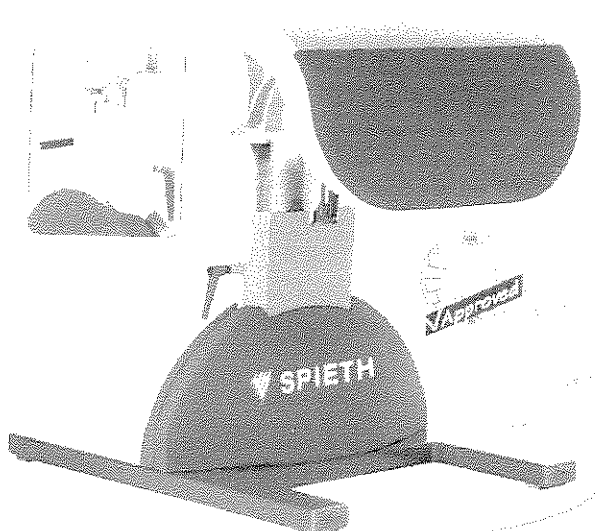

Gymnastics | Vaulting Tables

ERGOJET - THE GYMNASIIC INNOVATION OF THE NEW CENTURY

In January 2007 the ERGOJET was approved as an official competition apparatus in all tests of the FIG. It is the most advanced and most successfully conceived.

BENEFITS OF THE ERGOJET:

- Offers a larger vaulting area than conventional vaulting horses
- Enhanced safety during vaults
- Excellent aid for practising somersaults
- Easy-to operate height adjuster
- Body with extra large, low front support for impact protection
- One apparatus only for male and female gymnasts

Vaulting Table SPIETH ERGOJET

FIG-approved. Total height adjustable from 110-140 cm by continuous crank mechanism. Extra large support area 95 x 110 cm with 2-layer fibreglass shell construction and special skidmaster elements. Depending on the extra surface height 1.4 m about 125 x 90 cm. Weight approx. 170 kg.

Benefits of the ERGOJET vaulting table:

- one apparatus only for male and female gymnasts
- fast, continuous height adjustment for training and competition
- maximum integrated skidmat
- support feet with shock absorbers
- reinforced structural elements and shoulder
- enhanced risk of injury
- reinforced spring action over the entire support area

At an extra charge the SPIETH ERGOJET is also available with a mobile transport system. Contact us for more information.

12950 SPIETH ERGOJET
12952 extra device for built-in carriage
12951 mobile transport

The transporter for the CHAMPION men's parallel bars (121105) can equally be used for the ERGOJET, so there is no need to fit the vaulting table. This makes transport a lot easier, particularly for children (especially girls).

Transporters

With large fixed wheels, suitable for male parallel bars CHAMPION and vaulting table ERGOJET.

11106

Vaulting Table SPIETH CLUB

FIG-approved. Total height adjustable from 110-140 cm by continuous crank mechanism. Weight approx. 170 kg.

- 2 skidmaster elements, skidmat over the entire table
- extra skidmat of 2 x 50 x 100 cm for extra safety
- special skidmaster element with 110 cm regulation eye
- height adjustment in 10 cm steps from 110 to 140 cm
- 2 x 10 cm rollers for easy movement into the club

At an extra charge the SPIETH CLUB is also available with carriage. Customarily, transport can be done via a vehicle transporter.

12955 SPIETH CLUB

12956 extra device for built-in carriage
12957 mobile transport

Vaulting Table ERGOJET JUNIOR

Specifically designed for junior gymnasts, also suitable for vaulting bars and for the ERGOJET Junior for use in clubs and schools.

Benefits of the ERGOJET JUNIOR:

- fast, smaller height adjustment from 95 - 125 cm
- table height adjustable from 95 - 125 cm
- extra support area that exceeds 75 x 75 cm
- specially designed base radius
- offers a wider and thus safer jump off as a replacement vaulting bar
- reinforced front on wrists and shoulder
- extra skidmatting design
- height adjustment in steps of 5 cm
- safety in built-in ground fastener with 10 cm
- built-in rollers allow for easy movement

12960

Vaulting Horse

Body with two section
200 x 50 x 100 cm. FIG approved. Height adjustable from 110-140 cm. Weight approx. 170 kg.

Competition Pomme

The SPIETH POMME is a world-class product. It is made in Germany. They will make jumps from 110-150 cm. Weight approx. 170 kg. Height adjustable from 110-150 cm.
