

Title of School-Based Support Service (On-site Support) (2024/25)

Primary Science/Primary Humanities/General Studies: Promoting Curriculum Development and Renewal to Match with School Development Needs

<p>Online Application Code P5</p>
--

1. Objectives

This support service aims to:

- optimise curriculum planning in General Studies to develop effective learning, teaching, and assessment strategies, and to implement curriculum initiatives; and
- develop students' scientific literacy/humanistic qualities, deepen their understanding of the Chinese culture, and foster positive values and attitudes.

2. Foci of Support

- Optimise curriculum planning in General Studies to assist schools in designing and implementing thematic modules and project learning.
- Prepare teachers to implement the Primary Science/Primary Humanities curricula, organise learning and teaching according to curriculum objectives, and cultivate students' scientific literacy/humanistic qualities.
- Cultivate students' sense of national identity by incorporating elements related to the Chinese culture and national developments into learning and teaching design.
- Foster a collegial culture of mutual support through establishing a platform to empower teachers to share their experience on taking forward curriculum initiatives.
