

School: Kwun Tong Government Primary School

Topic:
Promoting Reading across the Curriculum

Participating teachers:

Miss Leung Yee Ling
Miss Leung Mei Kei

In the 2020/2021 school year, the two English panel heads from Kwun Tong Government Primary School joined the Primary School English Language Teacher Leader Learning Community run by SBCDP. They shared with the participants how the learning community helped them explore and conceptualise issues related to “Reading and RaC” through the study of articles and professional exchange with teachers from other schools. Despite the pandemic, they were able to plan, implement and evaluate an RaC module on “Healthy Eating” in P.4 through integrating the GE Programme and books from an e-reading platform. With support from their school principal, co-curricular activities such as English Fun Day, Healthy Living Day and Fruit Month Activities were incorporated into this module in order to provide more coherent learning experience for students and involve parents’ participation in their children’s education. The teachers found it encouraging that the module was well-received by both students and parents.

B. Design your own recipe of healthy food now.

Fruit and vegetables salad

Ingredient needed:	Material needed:
2 tomatoes	Plastic knives for children
2 potatoes	Plastic sheet to lay on the table
1 carrot	Big Mixing Bowl
2 banana	Containers to store the fruit and vegetables salad
4 strawberries	
1 apple	
2 tablespoons salad dressing	

Steps:

Wash your hands.
Cut the fruit and vegetable into small pieces.
Mix the fruit and vegetable in a big bowl.
Pour the salad dressing over the fruit and vegetable and mix them.
Put them on the plate.
Enjoy your Fruit and vegetables salad!
